Soldier Sentenced To Year For Theft

DRUNK PAYS \$21.50 AND IS REMANDED FOR SENTENCE

Ralph Charles of Jackson's Point, who is stationed at the Newmarket Military Camp, was sentenced to the Ontario Reformatory for a definite term of one year plus an indefinite period not to exceed six months by Magistrate W. F. Woodliffe at Newmarket Police Court on a charge of breaking and entering the cottage of Norman Young at Jackson's Point. On two charges of stealing cheques, the accused was sentenced to six months definite and six months indefinite on each charge, the sentences to run concurrently with the first charge.

"On February 2, from information received, I proceeded to a cottage on the Lakeshore Road east of Jackson's Point on the Sibbald property used by Mr. Young," testified Constable William Hill "On examining the cottage I found the lock on the door had been picked and that the cottage had been pretty well gone over. Three articles found on the accused at the time he was searched were identified by Mrs. Young."

George Newton, caretaker of a number of cottages, testified that five cottages had been entered.

Leonard Welch of Sutton, mail carrier, testified that on the 29th of January he had delivered two Dominion of Canada cheques to the mail box of Charles S. Meeres in the Township of Georgina.

Meeres stated that neither he nor his family had received any such cheques from the mail box during January.

"On January 29, about 3.30 p.m. I overtook accused thumbing a ride just out of Sutton," testified Constable William Hill. From information received I took accused to Newmarket Military Camp. He was wearing a corporal's coat. On searching accused, these two cheques were found in his pocket."

Crown Attorney Mathews stated that Charles had been convicted twice in Newmarket court, serving two terms at the Ontario Reformatory. At the time he was picked up by Constable Hill, he had been absent without leave from the Camp since December 18.

Herbert Carr of Schomberg, pleaded guilty to charges of fraud laid by Oliver Emmerson of Schomberg and William R. Hollingshead of Schomberg.

The accused had bought goods at these stores for which he had given worthless cheques.

K. M. R. Stiver, counsel for accused.

FIVE ARE INJURED IN AUTO CRASH

Elmer Paisley, 14, in Critical Condition

Thompson of Gorham street, and a second car driven by Stewart Paisley of Mount Albert were involved in an accident at the corner of Queen and Main, at 1.30 Sunday morning, five persons were injured, one seriously. All were removed to York County Hospital.

The Paisley car was proceeding north on Main street en route to Mount Albert, and the Thompson car coming east on Queen to Main.

Elmer Paisley, aged 14, who suffered internal injuries, was removed to the Western Hospital, Toronto, Monday morning, where he is reported to have a fair chance of recovery.

Other passengers in the Paisley car who suffered minor bruises and cuts were Mrs. Charles Morton, her son Clarence, and Mrs. Clayton Paisley.

TWENTY-ONE SCENES IN TWO-HOUR PERFORMANCE

In one of the greatest assemblies of international stage and radio talent, the famed Masquers, will be at the Town Hall, Newmarket, on February 24th, for one performance in connection with the Victory Loan campaign. This splendid group of top-ranking stars have figured prominently as winners in the Dominion Drama Festivals but, for the Victory Loan campaign, have temporarily deserted the drama to present a sparkling revue for patriotic purposes. This light-hearted show has been presented before some 125,000 men of Canada's armed services in camp but the performance at the Town Hall on February 24th will be the first opportunity that civilian theatre-goers have been given to see this outstanding melange of new songs, new dances and new sketches.

Appearing in the twenty-one scenes are Connie Vernon, lovely comedienne and uncanny impersonator of Gracie Fields, and other stage and screen celebrities: John Giordmaine, the famous magician and illusionist; Dorothy Elford, the well-known pianist; Irene Martin and Bill Antliff, duo-accompanists; the outstanding cast include: Freda Lloyd, Yvette Poulin, Grace McCutcheon, Helen Bruce and Evelyn Jagee. The great popularity of The Masquers is seen in the fact that, within recent months, they have presented over a hundred performances throughout Canada.

The elaborate two-hour show is under the direction of Frank Rostance, well-known figure of the Canadian stage and master of ceremonies in this splendid entertainment. Cheering audiences have been greeting The Masquers and indicating their complete approval since this fine assembly of talent was formed. Outstanding musicians, comedians, singers, dancers and magicians are included in this rollicking patriotic revue. Frank Rostance has won the award for the best male performance in the Dominion Drama Festival; Olive Williams also won the award for the best female performance in the Dominion Drama Festival.

Outstanding too in this fast-moving revue are the clever impersonations of Frank Rostance, Scott Clouthart and William Anderson. The Masquers present a two-hour show that is top-ranking in professional entertainment and which, judging from the advance response, is being eagerly anticipated by theatre-goers here when this splendid company of players present their revue at the Town Hall, Newmarket, on February 24.

VICTORY CHORUS HERE TUESDAY

Lions Hear Explanation Of Price Control

FEW WORKERS GET THROUGH TO DE HAVILLAND

Newmarket's vast army of aeroplane workers, who daily and nightly journey to the DeHavilland and Malton factories, met with their first reversals from snow over the week-end.

Most of the boys were unable to reach work Monday at all, but a few made it by way of Toronto. It was stated that there was five feet of snow on Dufferin street Sunday night.

LEARN OF SUGAR AND RENT REGULATIONS

The Newmarket Lions Club on Monday night were privileged to hear discussed the workings of the Price Control and Trade Board by the enforcement counsel, Dalton C. Wells of Toronto. Mr. Wells was accompanied by Roger Vincent, also of the Board.

"The purpose in setting up the board was to arrest inflation," the speaker declared. "The reason that it had not been started sooner in the war was the fact that prices of commodities and wages, etc., had not been high enough and the government did not feel like stepping in until a proper level had been reached. Finally, the basic period of September 15th to October 11th, 1941, was set as the date when prices prevailing on these dates were pegged for the duration. If you will recall, you will remember after the last year the inflationary debacle in Germany. One day the German people would have things they thought of value—the next day these would have no value at all. Clerks in large stores were paid every night for their day's work because the next day the money might be useless. It was this sort of thing that we wanted to guard against. With the curtailment of consumer goods which we are now experiencing, prices could have advanced many times over, but with price control it cannot happen. I believe there is a very

Two Huge V Signs For Main Street

MAYOR ADVOCATES BLACKOUT TRYOUT

Two huge electrically lit "V" signs, eight feet high, on a black background ten feet high, will be erected within the next few days at the north and south entrances to the town, a special meeting of council decided Monday afternoon.

These signs, in connection with the Victory Loan which opens on Monday, will have inscribed between the two arms, the initials U.S.S.R. (United Soviet States, Russia), U.S.A., U.K. and U. The committee named to look after this advertising stunt was Ald. Evans, Ald. Higginson, Ald. Armstrong and Deputy Vale.

The mayor suggested that before the loan was over that a half-hour blackout be held in town. He was sure enough wardens, etc., could be obtained throughout town to properly look after the demonstration. "I have been working on it in connection with the fire brigade but we have nothing to offer as yet," spoke up Ald. Evans. "You would find that five minutes would be long enough. The authorities at Queen's Park do not recognize Newmarket in the district affected. I guess they fought about our military camp. However, Mr. Mathews has written away for information concerning the details, so we will be bringing in a report shortly."

Mr. Trapp, organizer for the Victory Loan, who was present at the meeting, said there were a lot of things to consider in putting on a "black-out," accidents, robberies, disruption of electric services, and so forth.

"Well I feel that the council should go into the matter," declared the Mayor.

Bodies of four of the children were recovered during Sunday afternoon from the basement into which the house had collapsed. Body of the fifth and eldest child, 8-year-old Helenia Maria (Mary) Schouten, was recovered Tuesday afternoon. The other four victims were: Nicholas John, 6; Francis (Frank) Joseph, 5; Eileen Rosa, 3½; and Herman (Buster) Joseph, 2.

Mrs. Schouten was able to rescue her youngest child, 1-year-old Patricia, a few minutes before the house was a mass of flames.

EDITORIAL

IT DOESN'T PAY TO HOARD

A North Gwillimbury resident made the mistake of paying no attention to the government regulation on sugar, and went out and purchased himself a few hundred pounds. He will appear in court here next Tuesday, and we wouldn't be in his shoes for all the tea in China. We have no doubt that a good many of our citizens are a bit shaky at the hoarding they have done or contemplated doing. A lot of us are really patriotic when it comes to the "V" for Victory, flag-waving or at expounding just what should be done at Ottawa, but when the personal sacrifice idea hits home, we sharpen our wits to find ways and means to flout the powers that be. The chap who put away four new tires for his car (are you one?), the fellow that is coniving to get into a higher category for gasoline, the housewife who is loading the secret places of the attic with canned goods because she fears a shortage, is just as much a Fifth Columnist as those in the pay of the Axis.

We are all asking for an "All Out War Effort," and with the Singapore news, we are surely going to need it. Don't talk about a war effort at all unless you are willing to play your part on the home front.

THE ELECTION IN SOUTH YORK

The election of Joseph Noseworthy, and the defeat of the Rt. Hon. Arthur Meighen in South York on Monday came as a shock to the multitude. Only the brave would have ventured to place their money at long odds on the C.C.F. candidate's chances of going to Ottawa. Then what caused the upset?

To our minds it is truly the "Voice of the People," the common everyday man on the street who, while willing to throw in his all to see an "All Out War Effort," is going to make equally sure that finance plays its part. It is a reprimand to the Globe and Mail, and their sponsored movement, and to the premier of our province who went out of his way to take a crack at the leader of the Dominion.

It was not a Conservative defeat in the truest sense of the word—it was a defeat to those Conservatives and Liberals who want the other fellow to shoulder the load, but "hands off" me and mine.

It is to be regretted that an able statesman like Mr. Meighen had to fall by the wayside, but we doubt if his choice for leadership of the Conservative party was unanimous throughout the rank and file.

NOTE AND COMMENT

If the mayor or any of the council contemplated the idea of being paid, why did they not submit it to the electors at the time of the beer vote? We have been asked on several occasions. Dear sirs, this is a question we cannot answer.

While Mr. Meighen's defeat on Monday was quite an upset, it must be remembered that, to run for a seat in any of the Yorks is to invite the unexpected. Remember back in 1917, when J. A. M. Armstrong defeated our present prime minister by 1,078 votes, and again in 1925, when T. Herbert Lennox hung up a majority of 494 against Mackenzie King, then head of the Liberal government.

\$1,600,000 is the objective set for York North for the forthcoming Victory Loan, an increase of \$600,000 over the previous loan. This means that we all have to play our part to insure going over the top again.

There's a big night out at Roy Middlebrook's at Armitage Tuesday next, with proceeds for the British War Victims. Countless of the residents of that district have given valuable articles to be auctioned, and will be in there bidding on other things to help swell the fund. Why not go out and give the Armitage people a helping hand.

ECHOES FROM THE SANCTUARY

(This column is dedicated to the task of bringing a little of the church to those who are shut-in. Its main content will be the pith or kernel of one or other of the sermons given on the previous Sunday.)

You will remember, shut-in friends, that we were considering the prayer which Jesus taught His disciples.

At the service of worship last Lord's Day morning, we looked at the petition "Give us this day our daily bread."

Undoubtedly, you have heard the age-old controversy waging as to whether we ought to pray for material benefits, or limit our petitions to spiritual requirements. Actually, there need be no debate upon the matter, for Jesus settled it both by His words and His example. The conclusive example is found in the incident recorded in Mark's Gospel, the sixth chapter.

Jesus was weary. He had been teaching and healing from morning until set of sun, day after day. His disciples had been away on a special preaching mission, and although happy, they too were tired.

So Jesus said to them, "Come ye yourselves apart into a desert place, and rest a while." But there was no rest for them that day. The multitude saw them depart in a ship, and outran them to the other side of the lake.

Jesus seeing them had compassion on them, for they were as sheep without a shepherd, so he taught them until the day was far spent. The disciples began to feel the pangs of hunger, and besought their Lord to send the multitude away that they might buy bread. But Jesus said, "Give ye them to eat."

And He took the five loaves and two fishes at His disposal, and multiplied them to satisfy the five thousand who had comprised His congregation. Thus He proved that His interest in them included their physical needs as well as the spiritual.

In this prayer that Jesus taught His followers, it is interesting to note that the very first personal petition He places on their lips is the prayer for daily food. No further discussion is needed. Jesus fed people. He also taught them to pray for their food.

"GIVE us our bread" the petition asks. Jesus reminded them, and reminds us that if God does not GIVE us our food, we will not be fed. This is the lesson of dependence upon God. Even wealth can not buy bread if God withholds it.

"We plough the fields and scatter the good seed on the land; but it is fed and watered by God's Almighty hand." In time of famine,

the man of wealth is as poor as the day labourer. Rich and poor alike are dependant upon God for daily food. And if some have more than they need, let them be careful how they use it, for they are stewards of God's bounty.

"Give us THIS DAY, our bread." Notice that Jesus did not teach His disciples to pray for horses and carriages, nor for barns full of food. He instructed them to look daily to Him for their requirements, as do the birds of the air. Daily dependence produces unflinching grace and faith. How often we find that the truest Christians are those who day by day must look to God for their needs! They are poor in the coinage of earth, but they are amassing treasure in heaven.

"Give us OUR daily bread," Jesus said. Ask yourself, is your prayer not a little more selfish than that? "Lord, give ME my daily bread, and my family." Jesus would teach us brotherhood. The employer who sincerely offers up this prayer cannot pay his employee less than a fair wage. The employee who takes it upon his heart cannot do less than give his employer a fair day's work. The rich man who thus prays will share his bread with the poor. And the nation that so prays will not revel in the lap of luxury while the little children of a neighbour nation feel the pinch of hunger.

"Give us our BREAD." Jesus knows that man needs bread for sustenance, but it was He who said, "Man shall not live by bread alone, but by every word of God."

Shut-in friend, if life for you is drab because your body is weak, it may become brighter as your spirit and your faith are strengthened. This strengthening will come as you feed your immortal soul on the Word of God. Feed it diligently with the Bread of life as you would feed your body; for the body will decay, but the soul will live on. Feed your soul plentifully; feed it regularly; feed it prayerfully, and you will grow in grace, in patience, in usefulness and love.

The Dark View

Edmonton Journal: Experts in the United States believe that in fifteen or twenty years rubber production in this hemisphere could be so increased that "bringing rubber halfway around a hostile world will not be necessary." What do they mean by "hostile world" twenty years from now? The United Nations are supposed to have determined to have rid the world of all wars long before the year 1962.

Chesley Doing Well

Chesley Enterprise: Possibly nothing will better indicate the improved position of Chesley finances than the statement that at the end of 1939 this town had a bank overdraft of \$1,698, that this was reduced to \$644 at the end of 1940, and that by the end of 1941 the bank overdraft had disappeared and in its stead there was a surplus of \$758. It is never a happy position to be "in the red," and credit must go to the town officials and officers for the improvement in finances shown by these figures.

DEATH BY FUMES THREATENS FOUR IN STALLED AUTO

Two R.C.A.F. officers from Trenton and two young women from Aurora, were partially overcome by fumes from the motor of their car, which they had left running to keep warm, when they became snowbound near Bradford shortly after midnight Saturday night. Recognizing their danger, the party left the car and sought refuge at the home of J. Williams, about 400 yards from where they were forced to stop.

Dr. B. L. Sinclair was called from Bradford, and he followed a snow plow to the Williams home, where he attended the four. None of the party suffered ill effects from the fumes, it was reported. Late Sunday afternoon they were still waiting for snow plows to clear the roads.

Members of the party were Miss T. Cousins and Miss Pauline MacKenzie, both of Aurora; Pilot Officers J. W. Perry and J. D. Lindsay, both of Trenton.

YORK HOLSTEIN ANNUAL MEETING

The annual meeting of the York County Holstein Club held in the Masonic Hall, Richmond Hill on January 28, brought out the largest attendance of members for the morning session in the history of the club. The morning programme presided over by President Roy Barker, of Woodbridge, included registration and presentation of reports by the secretary-treasurer, and county salesman with the appointment of a nominating committee. Treasurer, Frank Ramsay, of Sharon, reported a slight increase in the balance in spite of a small drop in memberships. Jos. Darlington, club salesman, reported the largest sales in the history of the club, with a large part of these going for export.

With lunch provided by the club, the members enjoyed a social hour at noon when the directors did the honours with the coffee pots and lunch baskets.

Following the lunch hour the nominating committee presented its report and invited further nominations from the floor. Following the balloting for directors, C. D. Graham, of Brantford, director of the Ontario Field Services for parent association discussed the work of the Canadian Association and presented a technical film showing Holstein herds in the various provinces and some of the prize winners at the C.N.E.

Prof. Geo. E. Rathbun of the Ontario Agricultural College, Guelph, in a very practical manner discussed some of the disease problems of the dairyman pointing out that he is particularly interested in herd hygiene as treatment lies in the field of the veterinarian. The members asked the speaker many and varied questions which he answered in a very pleasing manner.

Jos. Darlington, having withdrawn his nomination on account of being salesman of the club, the following directors were elected: Cameron Boake, Downsview; Ray Clarkson, Weston; Archie Cameron, Woodbridge; Rankin Kellam, Weston; Roy Livingston, Woodbridge; Geo. W. Henry, Orillia; David McKie, King; E. F. Ramsay, Sharon; Earl Riseborough, Woodbridge; Russell Snider, Nobleton; Lloyd Turner, Stouffville; J. S. Watson, Woodbridge; S. B. Watson, Agincourt; Ed. Whitaker, Downsview; Geo. C. Jackson, Downsview; Roy Barker, Woodbridge, and unless otherwise advised also Jos. Darlington, Todmorden.

In addition to these, Geo. C. Jackson as vice-president of the Canadian Association, and past president Roy Barker are by virtue of their offices directors of the club.

At the directors' meeting which followed, the following officers were elected: Hon. Pres., Roy Barker; president, Archie Cameron; vice-president, Roy Livingston; sec.-treasurer, E. F. Ramsay; auditor, W. M. Cockburn; salesman, Jos. Darlington.

FATS AND OILS IN CANADA

Production of fats and oils in Canada, exclusive of butter, approximates three hundred million pounds per year. In spite of this, the annual deficiency of animal, fish, and vegetable oils is some two hundred million pounds. To meet this deficiency we normally import, but war in the Pacific has shut off vital sources. We must now conserve our reserves and increase domestic production through salvage of household fats and greases, increased recoveries from manufacturing and increased cultivation of flax seed, soy beans, etc.

Fats and oils are vitally needed for lubrication, and manufacture of paint and varnish, soap, wool, cotton and rayon textiles, dyeing, tanning, printing, linoleum, rubber, flavouring extracts, domestic shortening, edible salad oils and preparation of many foodstuffs. In addition, glycerine which is used for explosives, is obtained from fats.

In Canada and United States the situation is serious, and in England even more so. Early prospects are that fats and oils resources in Canada and United States will be pooled to maintain British supplies and provide for war industries and essential civilian use.

Further stimulation of every available source of supply is necessary. Waste household fats and grease are very necessary to help relieve the shortage. If you have not already done so, start saving all waste fats and grease, and turn it in for war use.

A Letter to the Boys In Service

By Golden Glow

To our Newmarket boys in the service overseas and in home defence—"Greetings from Golden Glow, and the committee who have worked so hard to make possible the Soldiers' Club, housed in the lower half of Oddfellows' Hall. I assure you, each and all, you are going to be proud of that club when you return, just as proud and delighted as are now our boys from Newmarket Military Camp who are there in crowds every evening.

I was commissioned last Friday evening, being our first party night, when the executive committee had invited a number of young women to come and help entertain the soldier boys from camp, to interview a few of the boys, with the idea of finding out their reaction on the occasion of their first visit and see if we could in any way make any improvement. One and all expressed their keen pleasure in what we have done for them in no uncertain terms. They expressed themselves in such vivid language that it left no room for doubt. They declared everything was "jake-a-loo" everything was "T. High!"

One said it was the "cat's whiskers." One said it was a "life-saver," but one and all asked "why it couldn't open an hour earlier?" So in no uncertain terms they showed their appreciation, but I am afraid we can't arrange to have it open earlier. I explained that it was all voluntary help, and seven o'clock was as early as we could possibly arrange to be there. However, it showed they were more than glad to avail themselves of the privileges and the entertainment we have provided.

You boys will no doubt be able to put yourselves in the place of the boys from Newmarket Military Camp, and will most likely better understand their viewpoint, since you have had similar experiences. You will know their eagerness to get away from camp, and have a place like our Soldiers' Club, where they can feel so much at home.

It was lighted and warm, with plenty of easy chairs and chesterfields, plenty of card tables with playing cards and cribbage boards, chess, checkers and Chinese checkers. There is a splendid ping-pong table and table croquet.

In the corner behind the furnace is a cozy-corner, beside a rack full of modern up-to-date magazines, with plenty of stand lamps and easy chairs, and on the opposite side of the furnace, a piano with quite an array of songs and music, and I assure you that round the piano is one of the most popular spots in the place, with a crowd around it all the time, and somebody on the piano bench entertaining them all the time. We never lack for players among the boys.

Another popular place is the reading and writing room. There are two writing tables and a writing-desk with a bookcase attached plenty of pens and ink and paper and envelopes. There is a fine big soft chesterfield opposite the radio, and inviting morris chair beside it, with a stand lamp behind should anyone care to read one of the many books in the book-case, and a little electric heater like a miniature fire-place, to make sure of a cozy warmth.

And, above and beyond all these attractions, is the canteen and a delightful, up-to-date kitchen with its electrical equipment, and crisp, fresh gingham curtains, making such a homelike atmosphere! The executive committee has arranged for several young women from the different organizations in town to take charge each evening, and very efficient they have proved to be. And I can assure you they are kept busy making sandwiches, serving cups of coffee or soft drinks, and pieces of pie.

On Friday evenings the women

PROBE ORDERED OF ROADS BODY IN YORK COUNTY

Warden to Name Group for Exhaustive Study; 'Where Did Money Go?'

TO REPORT IN JUNE

Warden Earl Toole was Friday empowered by York County Council to appoint a "fairly representative" committee to make "any investigations they see fit into the operations of the Toronto and York Roads Commission." They will also conduct an investigation into the redistribution of county roads to municipalities and the Province and will report their findings in both cases to Council at its June session.

The resolution empowering the warden to take such action was moved by Reeve W. A. Armstrong of Etobicoke, chairman of the Finance Committee, and was without a dissenting vote following a lengthy discussion of the Roads Commission's \$112,000 overexpenditure of last year's budget.

Reeve F. J. MacRae, who described as "surprising" the "lone battle I have been forced to wage in an effort to get to the bottom of this great splurge of spending," allowed his notice of motion requesting the dismissal of the two York County Roads Commissioners to be set aside pending the report of the special investigating committee. The county's representatives to the commission are G. Ellerby Farr and J. Ray Price.

"Where Did the Money Go?" "Council has apparently had a hard time realizing that the overexpenditure was almost as great as the amount originally allotted the Toronto and York Roads Commission in their 1941 budget and that the commissioners have been at a loss to explain where all of the money was spent. The amount of work that was done by contract and other than contract totals only \$209,000 and the total 1941 expenditure of the Roads Commission was \$549,000.

"Where did the rest of the money go? Admittedly some of it was spent on day labor and snow plowing and sanding, but surely those things did not cost \$340,000. We must have a breakdown of all the accounts of the Roads Commission to determine where the money was spent.

"The only excuse yet offered to us for the overexpenditure has been the bad condition of the roads caused by weather conditions. I'm not quite sure that it was only the breakdown of the roads that caused it.

"Certain monies were paid to the

AN EXPLANATION

Agricultural Representative, W. M. Cockburn, Newmarket, wishes to correct a wrong impression resulting from articles in the press regarding the probable use of Japanese farm labourers.

In referring to this matter before County Council, Mr. Cockburn stated that this was being considered only for such places as the sugar-beet areas where these men could be housed in camps and kept at work in gangs under guard. Obviously these men could not be employed individually, but employed in these gangs, would release other men who could be.

engineer which were above the amount I think he deserved, and the \$2,500 allotted for commissioners' travelling expenses in this year's budget is, I think, far above the necessary amount."

Reeve W. A. Armstrong of Etobicoke, charged that Mr. MacRae has been "hogging the spotlight" in recent discussions regarding the Roads Commission. "You have been making yourself to look like the champion of the public while making us look like we are supporting wrongdoing," he said.

"I myself feel that two other men might serve better on the Roads Commission than the two we have there now, and I think several other members of this council will agree with me."

A by-law was passed providing that the county's share of the deficit in the Roads Commission accounts be paid from York County reserve funds.

MORRIS—THORNTON

The home of Mr. and Mrs. Burt Hughes, Newmarket, was the scene of a very pretty wedding on Friday evening, when their cousin, Miss Theima Jean Thornton of Newmarket, daughter of Mr. and Mrs. George W. Thornton of Sovereign, Sask., became the bride of Mr. Ronald Haxton Morris, son of Mr. and Mrs. John R. Morris of Zealandia, Sask.

The bride was given in marriage by Mr. Hughes. The ceremony was performed by Rev. W. J. Stewart of Aurora, a long-standing friend of the bride's family.

The groom was supported by Mr. Reginald Robert Cameron of Zealandia, Sask. Mr. Burt Playter of Newmarket played the wedding march and also played during the signing of the register.

After a very dainty repast, at which the toast to the bride was proposed by Rev. W. J. Stewart, and to which the groom very fittingly responded, the young couple left for Toronto for a short honeymoon. They are residing in Newmarket.

Out-of-town guests were Mrs. Alf. Wood and Mrs. Annie Lennox of Dalston, aunts of the bride; Mrs. John W. Ennis and son, Mac, of Clowes; Mrs. W. J. Stewart of Aurora, and a large number of friends from Toronto, some of whom were former Saskatchewan friends.

DENNIS—HILLABY

A quiet wedding was solemnized on Saturday afternoon, Feb. 7, at 4 o'clock, at the home of the bride's parents, Mr. and Mrs. Fred Hillaby, Pearson street, when their daughter, Evelyn Irene, was united in marriage to Clarence Harold Dennis, son of Mr. and Mrs. Edgar Dennis of Newmarket.

Rev. Arthur Greer, pastor of the Christian-Congregational Church, performed the ceremony. Miss Lina Hillaby and Miss Betty Dennis attended the bride, while Howard Dennis, brother of the groom, was best man. The young couple will live in Newmarket.

MISS GWEN LAMBERT GIVES RECITAL IN TORONTO CONSERVATORY OF MUSIC

On Tuesday evening Mr. T. J. Crawford, Mus. B., F.R.C.O., presented Miss Gwendolyn Lambert in a song recital in the Recital Hall of the Toronto Conservatory of Music. Miss Lambert was assisted by Elmer Phillips, baritone, and Ralph Kidd, A.T.C.M., A.C.C.O., organist.

Miss Lambert possesses a voice of sweet and resonant quality, a charming manner, and a fine musical interpretation.

The programme opened with an Oratorio group: "Jerusalem" by Mendelssohn, "The Wilderness" by Bantack, and "Rejoice Greatly" by Handel. These numbers were sung with sincere, religious feeling and remarkable facility.

The second group of operatic number, seemed particularly to suit Miss Lambert's voice. Of these, the second number of the group, "They Call Me Mimmi," (La Boheme) by Puccini, was outstanding, for the singer's sympathetic interpretation and her ability to tell a story.

The last group included "Mignon's Song" by Schubert, "When I Love You," by Cole, and "Ho, Mr. Piper," by Curran, and ended with the brilliant "Tales of the Vienna Woods" by Strauss.

The piano accompaniment was by Mr. Crawford. Miss Lambert's recital was attended by a large and appreciative audience.

LIONS HEAR EXPLANATION OF PRICE CONTROL

(Continued from Page 1, Col. 7). genuine desire on the part of the people to make it work. I know that there will be hardships with merchants or individual cases, but we will have to put up with it."

In dealing with rent control, Mr. Wells explained that a landlord could not charge more rent than he was obtaining at the 11th of October. "Landlord's rights, to a great extent, have been curtailed for the duration of the war. If a lease is terminated and the tenant does not want to vacate, he does not have to do so unless the landlord can prove before one of the judges that he is dealing with these cases that he requires the building for his own personal use or for some member of his immediate family."

"In regards to sugar, a housewife is not supposed to have on hand more than two weeks' ration for each person unless they are farmers or settlers living in a remote part of the country. A person having a hundred pounds of sugar on hand is liable to prosecution." The amount realized for the White Elephant sale was \$602.75. In expressing his thanks to Fred Smith, the auctioneer, and the citizens who had been so generous in their support, Lion President Moff Cockburn stated that the biggest thrill he had gotten out of the whole affair was a 25c piece which had come wrapped up in one of the last bunch of dodgers that had been sent out. He knew the party that sent it in and it was a real sacrifice.

Jack Luck received the War Savings Certificate for the closest guess to the amount taken in on auctioned goods. The take was \$446.11, while Jack guessed \$465. Frank Courtney won the total amount guess.

A letter was received from Pte. Johnny O'Connor thanking the club for cigarettes.

Lion Bill Noble reported that there were two children's cases under observation at the Sick Children's Hospital.

Metal and Wood Boys Warm Up For Big Night

PROCEEDS WILL AID BRITISH BOMB VICTIMS

Preparations for the big "Office Specialty Night" next Thursday evening, are going ahead according to schedule. Eddie Gibson has shaped his metal-shop team into good form, while John O'Holloran is planning and sanding his wood-workers to a smooth finish.

Tickets have been on sale for a week, and a capacity crowd is anticipated. It was necessary to print a second edition of tickets as the sale has surpassed all expectations. The entire proceeds will be sent to the Evening Telegram British War Victims Fund, and it is expected that even those who find it impossible to attend the arena will buy a ticket to help this worthy cause.

Both hockey teams are composed of highly professional amateurs who are primed to the explosion point with the bitter rivalry which has long existed between these two departments. In goal for the wood shop will be that "Napoleon of the Nets" Jack Groves, while the remainder of the team will include such stars as "Pete" Neufeld, "Frankie" Burch, "Howie" Hamilton, Dick Waller, Aub. Rae, "Ak" Evans and "Doc" Boyd. It is expected that a few "dark-horses" will also come to light to make a solid oak job of the wood shop team.

In opposition, the steel workers place their net minding in the capable hands of Gordie Gardner. The line-up on this side also includes many sensational players. It is expected that "Big Joe" Cribbar will play defence and the "Little Gene" Broughton will worm his dwarfish stature to the high scoring brackets. Many of the men on the metal shop team will be familiar to Newmarket fans, but a number of newcomers promise some startling results.

Here's a secret that has heretofore been in the closet! We're counting on our good readers not to say a word about it to anyone. Also on the bill for "Office Specialty Night" on February 19, will be... (again we caution you to keep the secret lest a few of the more timid persons, will be afraid to enter the arena)... Also on the bill will be... (by special arrangement) a company of real, live ferocious LIONS! Yes sir! We're not fooling, but the management has promised that no accidents will take place as a trainer will be in attendance.

Don't forget! Your admission ticket also entitles you to the lucky draw on two "all expense" tickets to a professional game in the Maple Leaf Gardens.

By-law read the third time, and passed and signed by the reeve and clerk. Carried.

The meeting then adjourned to meet at the community hall, Nobleton, on Saturday, March 7, 1942, at 9 a.m., or at the call of the chair.

Adding to her wide variety of screen characterizations which have been responsible for her widespread popularity over so many years, Anne Shirley plays a glamorous cafe entertainer in "Four Jacks and a Jill," coming to the Strand theatre on Friday and Saturday.

Teamed with the dancing star, Ray Bolger, Miss Shirley portrays a poverty-stricken little singer who adopts and manages a miniature swing band and zooms them all to overnight fame and fortune.

On the same program is "Last of the Duanees" (Zane Grey), starring George Montgomery.

"The Little Foxes" is one of the most distinguished productions the screen has seen this year. Miss Bette Davis' performance in this picture ranks among her greatest. She is ably supported by Herbert Marshall as her husband, and the newcomer, Teresa Wright, as her daughter. The film will be shown Monday and Tuesday.

On the same program, "Moonlight in Hawaii," the latest musical fun-film, starring Leon Errol, Mischka Auer and the Merry Macs, presents many new song hits and dances.

Anne Shirley and James Craig, Tennessee youth who soared to picture fame as the doctor in "Kitty Foyle," share the romantic honors in "All That Money Can Buy," showing at the Strand next Wednesday and Thursday.

Edward Arnold and Walter Huston top the cast, based on the famous story by Stephen Vincent Benet. A contract with the devil, and what happens when the farmer who made it seeks to escape from the consequences of his bargain, comprise the plot theme of this unique picture.

Comedy, mystery and romance are blended in the swiftly paced story which unfolds in the new production, "Topper Returns," on the same program.

The cast of "Topper Returns" is headed by such Hollywood luminaries as Joan Blondell, Roland Young, Carole Landis, Billie Burke, Dennis O'Keefe, Patsy Kelly, Eddie (Rochester) Anderson and Rafaela Ottiano. Roland Young and Billie Burke are back as Cosmo Topper and his flirty spouse, the roles they made famous in the two previous Roach hits, "Topper" and "Topper Takes a Trip." In "Topper Returns," Cosmo Topper again manifests his sometimes embarrassing fascination for ghosts, and the lovely, shapely spirit which haunts him this time is Joan Blondell as the unearthly Gail Richards.

Moved by E. M. Legge—That the clerk be instructed to order 11 copies of the Municipal World for the use of the members of council and officials for the year 1942, and furthermore, be that the clerk be instructed to issue a cheque for the amount of \$11 for the payment for the same, and that the seal of the corporation be attached to this resolution. Carried.

Moved by E. E. Walkington, seconded by E. M. Legge—That the clerk be instructed to issue a cheque to W. W. Gardhouse, (county treasurer) for the sum of \$56, being this municipality's share of hospitalization for the month of December, 1941, and that the seal of the corporation be attached to this resolution. Carried.

Moved by C. E. Walkington, seconded by Wm. E. Barker—That the balance of the account of J. D. Lucas, for the year 1941 be paid, \$210.05, and that the seal of the corporation be attached to this resolution. Carried.

On demand of the Yeas and Nays by Mr. Legge, regarding an itemized statement for each of the items the following vote was recorded: Yeas—Mr. MacMurchy, Mr. Goodfellow, Mr. Barker, Mr. Walkington; Nays—Mr. Legge. Carried.

Moved by Wm. E. Barker, seconded by E. M. Legge—That the clerk be instructed to write J. D. Lucas, our present solicitor, and ask him to submit in writing a stated salary per annum, covering the legal work in connection with this township. Carried.

Moved by Wm. E. Barker, seconded by E. M. Legge—That our road superintendent be authorized to purchase from Chas. Walton cedar stringers and posts, at the best price obtainable and to use his judgment as to the quantity he deems necessary for the work throughout the township, and that the seal of the corporation be attached to this resolution. Carried.

Moved by L. B. Goodfellow, seconded by E. M. Legge—That the clerk be authorized to issue a cheque to the following for sheep killed by dogs as per valuations sworn statements now on file.

Alvin Kennedy, \$14; William Smith, \$75; Mrs. A. McMillan, \$30; Morley Stewart, \$44; also issue a cheque to the following for valuations services re sheep valuing: Norman Hill, \$6; Nelson Wauchop, \$2.

And that the seal of the corporation be attached to this resolution. Carried.

SOLDIER SENTENCED TO YEAR FOR THEFT

(Continued from Page 1, Col. 1) cused, stated that complete restitution had been made.

Crown Attorney Mathews stated that the son and son-in-law had straightened matters up and assured him that it would not occur again. He believed the accused had learned his lesson and agreed to suspended sentence.

"It seems at the time of the first offence on the 3rd of January, when you were unable to cover that cheque, it was rather serious that on the 21st you did it again," commented His Worship. "You knew perfectly well that you didn't have the money in the bank. It is a silly practice giving cheques that are bad, and is very likely to get you into very serious trouble. However, if the Crown consents I will give you suspended sentence for one year on condition that complete restitution is made, plus the costs of the prosecution."

The costs amounted to \$13. Fred Hollingshead of East Gwillimbury, charged by Constable Ernest Prosser with using firearms without the authority of a license, was fined \$10 and costs or 10 days, and his gun taken away.

A. P. Russell of East Gwillimbury, charged with the similar offence, was given the same penalty. James Spiroff of Mount Albert was fined \$10 and \$11.50 costs on a charge of illegal possession, and the liquor ordered confiscated. On a charge of vagrancy he was remanded for sentence on payment of \$6.25 costs.

"Your Worship, on February 6, at 12.30 a.m., I received a call to Mount Albert from Constable Longhurst and went to the home of Mrs. Mary Mortonson on the 5th concession of East Gwillimbury," testified Constable Ronald Watt. "There I found the accused drunk and very abusive in his language. I also found a bottle of wine taken into the home of Mrs. Mortonson by accused. He was unable to stand on his feet. I put him in the car and brought him to the police station. Previous to that he was in the arena drunk and causing a disturbance in front of some children. These people were all in bed with the doors unlocked when he came in. They tried to get him out and pushed him into the bedroom and kept him there. In the scuffle some of the furniture was broken."

John Green of the House of Refuge, who was remanded in custody one week, appeared again this week and stated that he could go to live with his brother's daughter on Logan Avenue in Toronto. Accused was given \$10 or seven days, the sentence dated back.

Harry Ungerman and Morris Waser of Toronto pleaded not guilty to a charge of theft of chickens laid by Loretta E. Walls of King.

"On January 28 a truck came to our place with two men in it," testified Mrs. Walls. "I was in the barn doing the chores. They had a red ton truck with National Produce Company, Toronto, written on it. This man Ungerman came to the barn as I was standing in the granary throwing down straw. He asked if the boss was home, and I said he wasn't. He asked if I could get some chickens, and I said I couldn't spare many, but maybe he could have six. He said he would pay me a good price, \$1 a piece. A voice from the house-stand said, 'Are these the ones?' and I said to leave them alone, that they were pullets and roosters. Ungerman and I went to the hen-house and the other fellow looked in the window. I couldn't identify him. Ungerman started picking up the chickens and handing them out to the other man. I told them to leave them alone, that they weren't to take so many. They filled a crate and Ungerman handed me \$7. I told him it wasn't enough, and that they couldn't take that many chickens. He handed me 50c more, jumped in the cab and away they went, leaving only thirteen out of the forty-five that I had."

Detective William Martindale testified that he was able to locate the two accused by the truck. Ungerman stated that he had taken twenty-two chickens, and had paid Mrs. Walls \$7.50 for them. He said that some of them were not any good and that he had disposed of the remainder at Canada Packers.

The charge against Waser was dismissed.

Ungerman testified that he had shown Mrs. Walls that many of the chickens were no good. "She said I might just as well take them. As a matter of fact, I wanted to deal with the husband."

"If you believe Mrs. Walls, these men were operating nothing else but a racket," stated Crown Attorney Mathews. "Personally I think her story is much more plausible."

"On the evidence this morning I must come to the conclusion that you got far more hens than you told me you got," said His Worship. "And I certainly do not approve of your business methods. I think you went out there and took advantage of this woman. You made no arrangements about paying, and handed her just what you thought you could get away with. This woman made no arrangement to let you take what you took."

Chief Stuart stated that the ac-

M.O.H. APPEALS TO PARENTS TO HAVE CHILDREN TOXOIDED

The way in which teachers, parents and children have responded to the call for immunization against diphtheria, scarlet fever, whooping cough and small pox, is a great tribute to their intelligence. Of all the toxoid-preventable diseases, diphtheria comes first because it lurks where least suspected by parent or physician, and its presence is only found when the child has passed to a stage where the antitoxin, even in huge doses, has no effect.

Sixty years ago, when your M.O.H. was only a small boy in town attending the old brown school on the hill where Alexander Muir taught, diphtheria was a deadly plague, and many whole families were wiped out by this deadly disease. Children would come down sick with it and die in 24 or 48 hours, and doctors were powerless to save them.

Because we have been practically free from diphtheria for some years, and because of the wonderful discovery of diphtheria antitoxin, a whole lot of people have become careless and are inclined to neglect this new prevention of the disease, called toxoiding. This toxoiding is universally acknowledged by doctors, scientists and parents to be simple, safe and sure.

In spite of the fact that the Board of Health has held different toxoid clinics in the town schools, the last of which being late in 1941 when there were about 150 done, there are still a large number of children not done.

At the present time there is quite a scare in Toronto where there is an epidemic. There are many thousands of children there that have not been immunized, they claim, due to apathy and ignorance.

When this immunization is so important, and there is so little possibility of harm from it, the only way of having it done would be by making it compulsory by Provincial mandate. At present toxoiding is optional with the parents, and their written consent must be obtained before it can be done.

caused had, on different occasions, assisted the police in finding stolen poultry.

"I believe it is a case of a man adopting a very arbitrary form of doing business," said the Crown. "However, if restitution was made, I will agree to give him another chance, but believe that this method should be most heartily condemned."

"I am taking into account your previous record and that you have assisted the authorities on several occasions," ruled His Worship. "I am going to suspend sentence for one year on condition that restitution of \$24.75 be made, plus the costs of the prosecution, amounting to \$13."

BELL TELEPHONE COMPANY PRACTICALLY CANADIAN OWNED

The 62nd Annual Report of The Bell Telephone Co. of Canada, just now in the hands of shareholders, shows the extraordinary job they had to do last year. It involved vast quantities of materials and supplies, many of them made possible through wartime substitutions. Re use was made of some materials now largely absorbed by war manufacturing needs.

To achieve a net increase of 63,651 telephones in operation, the biggest in the Company's history, they had to put in 243,530 telephones and take out 179,879. In other words, they had to handle through connects and disconnects a total of 423,409 telephones during the year. It is interesting to note from the report that Bell telephones, plus those of other systems

connected with Bell lines in Ontario and Quebec, now total more than a million.

The report also points out that in spite of the unprecedented volume of calls, averaging 6,486,000 local and 77,000 long distance connections daily, the speed and general standard of service were practically unimpaired.

There are now 23,276 Bell Telephone shareholders of whom 22,062, or 94.8 per cent, live in Canada and hold over 71 per cent of the total shares.

NEWS FROM KING CITY AND DISTRICT

Red Cross News — King Township Branch

It is rather difficult for the general public to appreciate the enormous amount of work being done by the Canadian Red Cross. Recently a report from the Ontario Division Headquarters received by our local branch was brought to the correspondent's attention. It appears that the local branches purchase most of their supplies from the mills through headquarters. The report we saw covered the three months' period from October 1 to December 31, 1941. During this time the Ontario Division forwarded to branches 129,504 pounds of wool and 384,617 yards of material, valued at \$275,830.20.

The local branches will make these supplies into needed comforts for our troops overseas, and for the bomb victims of Britain. When completed, the finished articles are returned to Division Headquarters for shipment abroad. When we consider that the women of Ontario, by their work, will produce finished articles more than double in value to the original cost of the material, we begin to realize something of the great work our Red Cross workers are accomplishing.

Work is the salvation of all, and a good work well done is a force that makes us strong, and virile. Red Cross workers may be thought of as an army behind the army. The quiet, steady flow of work and energy pouring into Red Cross channels is not spectacular. It is the grim and steady progress of never-failing willingness to do one's little bit. There is, and always will be, time and strength to administer mercy to those who need help. So truly the Red Cross is a great organization.

King Township, like all other neighboring municipalities, found itself buried beneath piles of snow on Sunday morning last. Villages, hamlets and farm lands were virtually isolated. County and township plows operated frantically to clear main arteries but progress was slow in many places. A county plow broke down east of King, remaining there for several hours. By Sunday night the Schomberg bus made a trip on No. 27 and No. 7 to Toronto. King City had access to Yonge Street via King side road, third concession and Aurora side road. Before morning the King side road was opened up to Yonge Street. Nobleton and King shut apart until Tuesday. Schomberg could reach Aurora by Monday afternoon late. Mail routes were for the most part shut off.

Donald Farren delivered bread to King City dwellers on Sunday morning. In some instances farmers were obliged to empty milk from Sunday's milk cans in order to ship Monday's supply; a waste, but no help for it under such circumstances.

Schomberg scholars solved the problem of closed roads when skiing equipment was used for Monday morning's trip to school on Daylight Saving Time.

We do not yet know how munition workers reached plants on Monday morning.

King township plow, the new one, is a formidable looking machine; almost glamorous, shall we say, and looking full of power and pep. It is having opportunity to test its capacity for work and efficiency.

"Canada's Second Victory Loan" will be launched from mid-February into March; an extensive drive to be conducted to raise at least another \$600,000,000. This loan is sought in order that Canadian forces may be made the best equipped fighting men in the world. Canada is asking you to lend again, and lend to the limit.

The clarion call has been sounded. The answer will ring along our highways and lanes. Inspector Kendrick has planned that township schools be rallied to two centres. Principal Claridge of Schomberg, has been asked to assemble West and North Township schools for a Victory Loan entertainment at Schomberg. Mr. Bertram Wilson of Oak Ridges, has been asked to rally schools in the southern part of the township for a similar "get-together." We are not yet sure of the schools included in each area, but it is certain that an earnest endeavour will be made to acquaint ratepayers and scholars with the tremendous importance to Canadians of the Second Victory Loan.

Mrs. Harshaw and Miss Alice Ferguson are on the sick list just now.

King W.I. branch met at Mrs. E. M. Legge's this week and heard Mrs. Devins of Aurora, in a most helpful talk on "The School Child." A medical doctor in her own right, Mrs. Devins may be acclaimed a "child specialist." In a brief time, she explained something of the fundamentals to good health and well-being of the child, the preschool child, public and high school child. The care of a child is something priceless. "Service" above "cents" is surely required to properly and wisely care for a child. A child is normally entitled to good health and under the wise and studied guidance such as Mrs. Devins is able to give, her hearers appreciated the address so clearly delivered.

DEAF AND DUMB

Behold us stricken dumb,
Yea, dumb when we should speak
Now!—when the time has come
To prove we are not weak,
That we, as Britons, ever stand
Against a menace to our land.

Are we, the people, dumb,
Or only they, the voice
Through whom our will should come,
Whom we have made our choice?
Nay! We would shout our loyal word,
That o'er the earth it may be heard.

Is not the Empire one?
Are we not one with it?
With it what must be done
Should we not do our bit?
Shall it protect us, and we fall
To fight lest Hitler may prevail?

Are we poltroons or not?
Why, paupers we will not be!
With Britain is our lot;
With her we will be free.
But Freedom ever had its price;
We'll pay it, though it cost us thrice.

Our Motherland, the best
The world has ever known,
Shall find us with the rest
In arms to shield our own.
We will not suffer her to fall;
To save her we would give our all.

United, we with her
Can only thus endure.
Why, then—why, then, defer
The phrase that makes secure
A bond that binds us, one and all,
To guard the Empire at its call?

Why, why the silence now—
The word unspoken—why?
Damn politics! Our brow
Is red with shame! The tie,
Is it no more than party fear,
That which we want we do not hear?

Speak you, the nation's mouth!
Or must we make demand?
Our brothers to the south
Should see us bravely stand
In our defence, and not rely
On them for us to fortify.

Speak out and say that we will
stand
Shoulder to shoulder with Mother-
land.

Keep in mind the Christian Church Ladies' Aid Tea Feb. 18, with the usual good supper at 25c.

Rev. Serrick of the Christian Church, who has been staying in Ringwood, was unable to get through on Sunday morning. The usual S.S. service was held with a fair attendance. Drifts around Ringwood were reported in the local paper to be ten feet deep, completely isolating the community.

Sunday's storm kept the snow-plow busy, and the lake road was opened. The Gray Coach tried the highway on its morning run and got stuck near Belhaven. However, the drifting in our burg was not as serious as in many parts of the province. The weather has been intensely cold, moderating by Tuesday.

Mr. and Mrs. Cecil Grant entertained a party of friends from Queensville on Thursday evening, Feb. 5.

We are glad to hear of the continued improvement of Reeve Ross McMillan of North Gwillimbury, who has been ill at York County Hospital.

Mrs. Gordon Mahoney of Iola, Kansas, who was to have come to Canada, was at the last minute prevented by illness in the family.

Mrs. John White, a daughter of Parry Sound, and Miss Laura Peters, a cousin of Toronto were among those who attended the funeral of the late Mr. James Peters last week.

Keswick public school are presenting the following plays on the evenings of Feb. 23 and 24: the Junior Room will present "Blue Boots" and "Radio Play," and the Senior Room are giving "Hearts and Builders of Canada." Admission 25c.

Mr. Clyde McGinnis and friend were visitors at Mr. and Mrs. S. Pegg's last weekend.

A most successful United Church women's supper was held on Thursday, Feb. 5.

In the afternoon a meeting of the Women's Association was held. Mrs. Francis Morton led the devotional exercises. Mrs. Lapp read the scripture lesson and gave an explanation. Mrs. Vaughan read an appropriate hymn. Reports of the Centre Presbytery Convention were given by the delegates.

Later a delicious hot supper was served to an unusually large crowd. A great many of the guests had come from a distance.

The programme opened with the singing of "God Save the King." The younger entertainers on the program were June Prosser, Donny McGonerty and Lorne Maluprize, who gave recitations, and Jim and Ruth Stiles who sang a duet.

Mr. Parks from Wilford, gave a humorous reading. Misses Evelyn and Shirley Rye gave an instrumental duet. Mrs. Ernest Morton, a reading. Miss Evelyn King a vocal solo, and Mr. Walter Walker a vocal solo. All the numbers were well given, and much appreciated.

A mid-week prayer service will be held in the United Church on Tuesday evening, Feb. 17, to begin at 7 o'clock. This will be the last of a series of four meetings.

The Sunday morning service of the United Church will be held at 12 o'clock a.m. D.S.T., and the evening service at 8 o'clock p.m. D.S.T., the church school at 11 o'clock.

At next Sunday morning's service, Feb. 15, the subject of Rev. Mr. Lapp's sermon will be "Upon This Rock." At the evening service the girls from the Canadian Girls in Training and the boys from corresponding Sunday school classes will assist with the service.

The girls of the C.G.I.T. at the beginning of the Canadian Girls in Training week, Sunday, Feb. 8, took charge of the worship service at the church school of the United church. The girls wore middie and skirts, the uniform of the C.G.I.T., and led a very impressive service.

All the members provide lunch.

The regular monthly supper of the Keswick Christian Church will be held on Wednesday, Feb. 18.

Owing to the heavy snowstorm last weekend, the Rev. R. Serrick was unable to get out of Ringwood, with the results there were no services in the Christian Church. Next Sunday services as usual, standard time.

The pot luck luncheon and quilting which were featured at the February meeting of the Willing Workers gave the members lots of quilting, for the quilt under consideration was a large one, and gave the women a chance to enjoy each other's cookery. After the luncheon, which was hot, ample delicious and daintily served, the regular meeting took place. Mrs. Geo. Wood, our hostess, led in prayer, and the assistant hostess, Mrs. Will Reid, led in the responsive reading. The report from the committee in charge of the marketing of the home-made baking, gave a most satisfactory report, encouraging to further efforts.

Our president, Mrs. Armitage, and secretary, Mrs. F. Reid, gave reports on various activities, and then Mrs. Willis read a very interesting sketch of "China's Christian Army." The meeting closed with a hymn and prayer by Mrs. Tucker.

The quilt was finished and even bound, before the ladies wended their way homeward.

There was a quilting at the Bogartown schoolhouse on Saturday afternoon, when ten women braved wind and snow, and tufted two large warm quilts, destined for overseas.

The Christmas Club met at the home of Mrs. Colville on Saturday afternoon to do honor to one of its first members. In spite of the wildness of the storm, the girls, a good many of them, managed to get there. A large party arrived in the good old fashioned way, in a sleigh to the pleasant accompaniment of sleigh bells. Games of all descriptions wiled away the afternoon until the time of the presentation. When Mrs. Robert Ridley was presented with a short address in verse, read by Mrs. Colville, and a very beautiful silver and crystal cheese and cracker dish, and a great heart-shaped box of candy. These presented by Miss Frances Strickwood and Miss Doris Penrose. Supper followed to the accompaniment of the girls reading their fortunes from little heart-shaped booklets. We missed the members who, through distance and illness were prevented from being present. As dusk fell, the guests departed to the ringing of jingle bells.

News was received on Saturday evening by her parents, of the birth of a son to Mrs. Alfred Cope, nee Harriett Starr, and Mr. Cope, of Columbiana, Ohio.

It is with great regret that we record the death of Mrs. Abraham Skinner, who for the greater part of her life was a resident of Cedar Valley. Mrs. Skinner was a woman whom it was a pleasure to meet, and who could make the past live again in the telling.

We extend sincerest sympathy to the relatives in their bereavement.

Mr. and Mrs. Douglas McClure dined on Saturday with Mr. and Mrs. David Coates, Sharon.

Miss Irene and Mr. Roy Harper were hosts at a sleighing party Saturday night. After the ride, the guests returned to the Harper home for games and refreshments. The usual Sunday afternoon service of Pine Orchard Union Church had to be cancelled, owing to the badly drifted roads.

Miss Irene Harper spent Sunday night with Miss Doris Penrose.

Things**"Impromptu"**

Sometimes it's fun, when the work's half done, away from your daily round to run; to jump in a car where neighbors wait and land at another neighbor's gate. To enter a house where quilters sit, each ready to do her allotted bit; to stitch in diamond, or fan or curve and never from off the line to swerve; to gaze at patterns in haste, and know you could never contemplate, giving the care and skill required, to piece the quilt you have so admired.

And you watch the skill of some quilters who can quilt twice as fast

as you can do. The talk goes on as fingers fly, of the war and the national sugar supply, of why, when others get a break, the farmers always have to take arrangements that are just left over, about which no official bothers.

"How," asked the ladies, "would things get done, if farmers decided to have some fun; to say it wasn't just much good, to toil all day for barely food. But farmers' wives have one thing sure, that for the blues is a good cure. A sense of humor that can see, the funny side of things that be. But to our quilt we must go back, for things now take another tack.

Such pleasant odors float about, they put all thought of wrongs to rout, and presently we're called to share, the pot luck luncheon's varied fare. And it is varied, let me say, no duplicates are on display. Potatoes scalloped, hot and steamy macaroni, rich and creamy; meat and carrots, pickles too, salads lying wait for you. Pies, three kinds, we gaze upon, apple, chocolate and lemon.

There is cake and coffee too, topping off the meal for you. Then it's back to work once more, sewing faster than before, bound to get the quilting done, ere we see the setting sun. Roll it, roll it, then once more, till the quilters drop to four, till they rise and blithely say, "there's our work done for to-day." To our hostess, then adieu, and its home, for me and you.

FARM IMPROVEMENT COURSE

One of the most interesting farm short courses ever offered to the farmers of York County will be staged in Richmond Hill Municipal Hall on Tuesday and Wednesday, February 17 and 18, when Agricultural Representative, W. M. Cockburn, has arranged for H. R. Hare, Senior Assistant Agricultural Economist of Dominion Marketing Service at Ottawa to present a series of discussions bearing on Farm Management. Few economists have the faculty of presenting their material in the practical and interesting manner employed by Mr. Hare—who it will be recalled supervised the milk cost records work of many of our milk producers a couple of years ago.

Mr. Hare will be ably assisted by R. M. Miller, Markham, R.R. 3, dairy farmer of Scarborough township who recently completed a post graduate course in farm economics at Cornell University, Ithaca, N.Y. As we are now officially all on "fast time" the lectures will not commence till 10.00 D.S.T. As the subjects to be discussed have a bearing on each other it is hoped as many as possible will plan their work to attend for the entire two days.

Meals can be obtained in the village or you may bring your lunch and visit during the noon hour. There is no charge of any kind for the course and this is one of ONLY 14 being held throughout the entire province. Economize on gas and tires by bringing a full car. You might also wish to have a book and pencil to take some notes. It is true help is scarce, but if every move can be made to count, planning these moves in advance should be of inestimable value.

The Spirit of The Pioneer Mother Flames Anew Today

THINK BACK to the old days—when Canada was young.

Think of the high courage, the indomitable will of those pioneer women. Within the stockade or in the open field, they toiled—yes, fought—by the side of their men for the safeguarding of everything they held dear.

In the hearts of the women of Canada, this old spirit flames anew today! Gone are the heavy muskets, the log barricades—but the love of freedom, the stubborn resolve to win through at all costs—these things remain unchanged, unchangeable!

Grimly quenching their tears, mothers say "God bless you" to their fighting sons—everywhere young women are serving where duty calls—the women of Canada are bound together in one common cause.

In thousands of Canadian homes, women are revising their family budgets, planning new economies, making extra sacrifices—so that more and more money will be available for the purchase of Victory Bonds.

They know—these women of Canada—that every dollar loaned now means more tanks—more guns—more planes—more ships—more of everything which is needed to smash Hitlerism and bring Peace to all the family hearths of the world.

SUTTON SQUAD LOSE CLOSE GAME TO COLLINGWOOD

Joint McComb Gets Four Goals and Assist

If the Leaf-Boston feuds at the Maple Leaf Gardens have anything on the Sutton-Collingwood set-to at the Lake Simcoe town Friday evening, they must be good. What a game! Four goals down at the end of the first fifteen minutes from a club of higher calibre, Ellis Pringle (erstwhile Newmarket junior) and company fought back so courageously and determinedly that at full time they had the Shipbuilders on even terms, and but for Lady Luck would have walked off the ice at full time with a much needed win.

A fluke goal at 3:45 in the overtime settled the issue. "Pig Skin" Peters stopped Kelly's shot only to have the aggressive Kirkby trickle it past him.

It was a tough game to lose, and as the boys from the north could tell you, an equally tough game to win.

With Butters and Scott off in the dying minutes, the Sutton crew literally filled the Collingwood net with everything, but the tying counter, and the visitors were a relieved lot when the final gong sounded.

Joint McComb, with four goals and an assist, was the standout performer of the night, both offensively and breaking up many a rush. Jack Culverwell also went both ways, but only got one assist.

Big Pringle was a tower of strength for the homesters, his goal in the third period being a honey. The drive was terrific, and the Collingwood goalie never even saw it.

Bad Bill Roberts played his usual strenuous game, and added much to the punch of the Sutton crew. One of his penalties should have been hung on a visitor, but a boy with a bad name usually gets the raps, and Dodger sent him to the cooler.

These games at Sutton are the best ever. Don't miss the next one.

Sutton Boys Write Home From Overseas

EXPRESS THANKS TO FIELD COMFORT SOCIETY

The following are a few of the letters recently received from Sutton boys overseas by the ladies of the Field Comfort Society expressing their thanks for parcels and smokes received.

Southy Hall, Gt. Bookham, Surrey, Dec. 12, 1941.

The Field Comforts Club, Sutton West, Ont.

Dear Friends:

Another few days and we'll have had two Christmas days away from home. Received the big parcel of woollens and other gifts, which are so useful and appreciative. You cannot realize the feeling one gets when the Canadian mail comes in and you see your name posted on the order board telling you there is a parcel, cigarettes or letters waiting for you in the Co's Orderly Room. We have only you dear people to thank who work so hard to make this happiness for us, and it comes from all the boys from the bottom of their hearts. This world is sure in a mix-up. Isn't it? Don't worry, though, we'll eventually come out on top.

Mick, Harry and myself are all well and send our best wishes to you and praise for the work you do to make the boys over here happy. I haven't seen any of the fellows from Sutton for a long time as I don't travel so very much and are a long way from Borden to Aldershot where a lot of them are stationed. I don't know what else I can say as I'm very poor at letter writing.

Again I thank you all for everything, and wish you all the best for Christmas and the coming New Year. Keep up the good work.

Yours sincerely,

Jim Porte.

England, Dec. 8, 1941.

Sutton Home Comforts Club.

Dear Ladies:

I received your most welcome parcel today, and it is one that I will be able to remember since it arrived on the same day that the States entered the war.

I don't believe I quite realized how many special treats could come in one parcel from home. As I unpacked it, each article caused a comment from the boys gathered round. Everything was so useful and the food so tempting we just had to sample some of the contents right away. Thank you so much for the woollen things, and the handkerchiefs from Jacqueline Tate.

I have been off duty to-day with a slight cold and feeling a bit blue, but the arrival of your box was like a tonic and has cheered me up.

You ladies are certainly doing a fine job. I am only sorry I didn't realize it more while I was home. Thanks so much for the treats and cigarettes, and thanks to all the people who made them possible.
